## Best practice for the safe conduct of coarse angling competitions in Scotland under COVID-19 restrictions - Phase 3 v3

**Approved by  
Scottish Government:  
With effect  
2 November 2020**

Published 2 November 2020

### IMPORTANT:

Scottish Government has introduced a new [strategic framework document](#) for managing COVID-19 which will become effective from 2 November 2020. This provides a 5-Level approach to restrictions with each local authority area (or sub-area) placed in a relevant protection level depending upon its COVID-19 status which will be reviewed weekly.

Clubs, operators and participants should be aware of their local area protection level and associated restrictions which may be in place and should consider this as part of risk assessment planning. Broad guidance for sporting activity which should be followed within each Level is set out in Table A at Annex A. Further information on protection levels that will apply in each local authority area are available at [Coronavirus \(COVID-19\): allocation of protection levels to local authorities](#). A local post code checker is also available at [COVID restrictions by protection level in areas of Scotland](#).

It is to be read in conjunction with the Angling Scotland COVID-19 Guidelines which can be found at: <http://www.anglingscotland.org.uk/wp-content/uploads/2020/11/ASL-Covid-Guidelines-for-Individuals-Clubs-and-Fisheries-Phase-3-v3-2-Nov-20.pdf>

People who are shielding are now permitted to undertake activities providing strict physical distancing is adhered to. Further information is available at [Scottish Government: Staying safe outdoors](#)

People who are symptomatic should self-isolate for 10 days; household members for 14 days as per info on NHS guidance. No one who is self-isolating should attend an outdoor sports facility/activity.

### Introduction

Some sporting activities, including competitive Angling, can now be undertaken outdoors, providing all activity is consistent with current Scottish Government guidance on health, physical distancing and hygiene.

- As competitive angling is conducted in a socially distanced manner on an individual basis, **Competitions may take place provided that arrival and departure times are staggered to avoid large groups congregating at the venue at the same time.**
- **Competitions should only be undertaken in line with the Scottish Government's strategic framework document and where all physical distancing and hygiene measures are in place.**

### General Guidance

- As a competition organiser you will also need to make sure that your club, facility and all participants are made aware of, and can adapt to, changes in guidance at short notice. Information on Scottish Governments approach to managing COVID-19 is available at [www.gov.scot/coronavirus-covid-19/](http://www.gov.scot/coronavirus-covid-19/)
- To manage a safe return to organised sport and physical activities organisers should put in place Test & Protect procedures to help break chains of transmission of Coronavirus (COVID-19). Further information is available at [Scottish Government: Test & Protect](#).
- It is the responsibility of the organising; club, fishery or match organiser to ensure all appropriate management processes are in place so that they can effectively oversee and maintain the implementation of measures outlined herein. Venues are advised to ensure they reopen safely.
- **Risk Assessment.** It is the responsibility of each Fishery, Club and Match organiser to undertake documented risk assessment, based on their local circumstances, prior to activity taking place and to provide a safety briefing to all participants. Consider safety first, particularly focusing on minimising the risk of infection/transmission. Appropriate measures must be put in place to ensure participants, staff and volunteers are always protected.
- **Health & Safety.** It is the responsibility of the organising; club, fishery or match organiser to ensure that first aid and emergency equipment is maintained correctly, has been updated appropriately for the COVID pandemic and that first aiders have undertaken appropriate additional training.
- **Hygiene.** Cleaning of equipment, hand and respiratory hygiene are core measures to be implemented and provision should be made for these. Check to ensure that hand sanitizers or wipes are available for use at entrance/exit to venue/facility where possible. Hand sanitiser should be at least 60% alcohol based and detergent wipes appropriate for the surface they are being used on. Cleaning products should conform to EN14476 standards.
- **Health & Hygiene checklist and further Guidance.** A checklist for health, hygiene and cleaning considerations and actions is available here: [Getting your Facilities Fit for Sport](#). Further guidance is available at;
  - [Health Protection Scotland: General guidance for non-healthcare settings](#)
  - [Health Protection Scotland: Cleaning in a non-healthcare setting](#)
  - [Health Protection Scotland: Hand hygiene techniques](#)
  - [St. John's Ambulance: Covid-19 advice for first aiders](#)
- **Insurance.** Fishery, Club and Match organisers should check with their insurance company that correct and full insurance cover is in place and valid before any activity takes place.
- **Physical Distancing.** At all times, participants, Fisheries and organisers should adhere to the Scottish Government's physical distancing guidelines of staying at least 2m away from others.
- **Supporting Disabled competitors.** Where a participant with a disability requires functional support to enable their participation in physical activity and sport this can be provided without maintain physical distancing. This support can be provided by a coach or other individual. In such circumstance the responsible 'Covid Officer' should consider appropriate mitigating actions as part of the risk assessment. For instance, providing appropriate PPE, limiting the number of participants an individual provides functional support to, limiting the duration spent in close proximity, or a combination of actions.

### General Guidance continued...

- **Travel Restrictions.** The travel restrictions outlined by the Scottish Government should always be adhered to. You should avoid travel to other Local Authority(LA) areas regardless of their level unless essential.
  - For exercise/sport – there is an exemption, however, it is limited –
    - At level 4 – not permitted to drive outside LA area for exercise – but are permitted to cross boundaries in the process of exercising i.e. a circular cycling route or if a golf course straddles two LA boundaries. No exemptions.
    - At level 3 – permitted to travel around 5 miles outside own LA for exercise. Shouldn't go into a level 4.
    - At Level 2 – Should, where possible, minimise unnecessary travel between LA areas and not travel to a Level 3 or 4 area to take part in organised sport or physical activity.
  - U18s – can travel freely for exercise at levels 0-3. Should not travel in or out of a level 4 area.
  - Team sports – should compete locally in all levels and at all ages. Teams should not travel in or out of tiers 3 or 4.

We are still strongly encouraging individuals to only travel as far as is necessary to participate in angling competitions. Up to date guidance is available at [Covid-19: Guidance on Travel and Transport](#).

- **Facilities.** sportscotland has produced the [Getting your Facilities Fit for Sport](#) guidance to help owners and operators of sports facilities as they prepare for when sport/activity resumes. Clubs and organisers considering running competitions on natural venues are to apply this guidance. The guidance is applicable to all phases of the Scottish Government Covid-19 routemap and can be adapted to support other planning-based work being undertaken by sports, clubs and community organisations. Indoor facilities should remain closed to the public including club houses, toilets, locker rooms, storage and activity areas. Organisers are to ensure that all participants are made aware of this prior to arrival i.e. when booking in on-line or by phone
- **Spectators.** No spectating should take place other than where a parent is supervising a child or vulnerable adult. Physical distancing guidance should be followed at all times.
- **Participation Limits.** Limits on the number of participants accessing outdoor facilities should be risk assessed to ensure appropriate social distancing can be maintained and the activity is in line with the 5 level approach restrictions.
- For the purpose of competitive angling, which is conducted in a socially distanced manner on an individual basis, competitions may take place, provided that arrival and departure times are staggered to avoid large groups congregating at the venue at the same time.

### General Guidance continued...

- Guidelines will be updated as we progress through the different phases of the Scottish Government Covid-19 route map. Current information is available at [Scottish Government: Covid-19 Framework for decision making](#)

## 2

### Organisation of Competitions

- Subject to Riparian owner and fishery specific rules, Competitions will be permitted on all waters provided that social distancing rules in force at the time can be adhered too. This includes; commercial fisheries, lochs, rivers and canals.
- All competitors will fish on allocated 'pegs'. It is the organisers responsibility to ensure that these pegs are appropriately spaced to ensure that social distancing is maintained at all times.

## 3

### Registration, booking in, payment of Pools/Entry fees

- Anglers should 'book on' to a competition as per the organiser's instructions, usually in advance by phone, email or on-line. Where possible and in line with GDPR, a register of participants should be kept in case there is a need to track and trace.
- Pools and peg fees should be paid as stipulated by the organiser. Wherever possible cash transactions should be avoided.

## 4

### Travel/Arrival at the venue

- Competitors should travel in accordance with current Government guidelines only. They should travel alone unless travelling with a member of the same household.
- Organisers should consider introducing buffer periods between sessions to stagger start times so that participants do not all arrive/leave at the same time.
- On arrival at the venue vehicles should pay strict attention to signage and park under the instructions of the fishery owner/organiser.
- On leaving the vehicle, strict social distancing measures must be adhered too at all times maintaining a minimum of 2 meters apart. No physical greetings, handshaking etc. to take place.
- Cafes/shops should only be open in line with Government guidance. Pre book and collect facilities may be available.
- Onsite tackle shops should only open in line with Government guidance. Pre-order and collect facilities may be available.
- Organisers are to remind all participants of the requirement to maintain good hand hygiene before and after using any on-site facilities.
- Organisers are to check that sufficient hand washing facilities or hand sanitisers are available for use by all competitors.

## 5

### The Draw

- The peg draw process is to be conducted in a way that ensures that social distancing is maintained.
- Wherever possible the draw should take place on-line.
- Where an on-site draw is necessary, to comply with the rules on organised gatherings, the draw should take place outside and comply with the rules on social distancing.
- If using a 'peg draw/raffle style' approach, it is recommended that the organiser should be the only person to draw names/peg numbers. A suggested system is to have two bags/tubs. One containing the angler's names and the other the peg numbers. The organiser would then draw an angler's name from one bag followed by a peg number from the other.
- When a peg is allocated the angler should immediately make their way to their peg as normal.

## 6

### Use of keepnets/Weighing in/Results

- Keepnets are permitted for use in competitions and should be used in accordance with the local fishery rules. Check fishery rules for permission to use if pleasure fishing.
- At the end of the competition competitors will be expected to remain at their pegs until the weighing official arrives. Anglers are under no circumstances to follow the weigh-in and any anglers doing so will be disqualified.
- Anglers are to clear/pack away all non-essential tackle immediately following the end of the competition to allow the weighing official easy access to set up weighing equipment whilst maintaining social distancing.
- Ensuring safety and adherence to social distancing guidelines during the weigh-in is the responsibility of the organiser.
- Two weighing officials are to be appointed, one to weigh and return the fish and the other to record the weights. Weighing officials should be provided with PPE (gloves), should use face coverings where possible, and should maintain social distancing at all times.
- The weighing official should set up the weigh sling ready to receive the fish. Weigh slings of a self-supporting design or a supporting frame to hold the weigh sling open should be used.
- Once the weigh sling is ready the angler should remove their keepnet themselves and transfer the fish into the weigh sling without breaching social distancing guidelines. Once done the angler must step away to allow the weighing official to come in and weigh the fish. The weighing official then calls the weight which must be agreed by the angler. The weighing official then removes the weighing sling and returns the fish to the water. This process is repeated if several weighs are required. Social distancing is to be obeyed throughout the process.
- Once weighed in the angler will finish packing up and return directly to their vehicle.
- Organisers should publish results on-line for competitors to view as soon as possible after the competition.
- Anglers not receiving payouts should be encouraged not to wait for the results.

### 7

#### Payouts/Collection of Winnings

- Organisers should consider paying winnings directly into the angler's bank account by BACS transfer
- Cash transactions should be avoided wherever possible.
- Social distancing must be observed at all times.
- Any post-match presentation should take place outside and comply with social distancing guidelines.

COACHING	Overview	General guidance is available within this document for coaches, leaders, personal trainers, deliverers and instructors, <i>herein referred to as coach/es</i> . In addition <a href="#">Getting Coaches Ready for Sport</a> provides a 4-stage approach/checklist to further support coaches to plan and deliver safe sessions.				
	Indoor & Outdoor coaching	The local protection level in place for sport and physical activity will dictate what activity can be coached, indoors and outdoors and to whom in that area. See indoor / outdoor above for further information. Coaches can take multiple indoor sessions per day, however the numbers allowed in each session will depend upon the protection level in place.				
PERFORMANCE SPORT	Professional & Performance	Professional & performance sports with <a href="#">Resumption of Performance Sport</a> guidance in place and approved by Scottish Government or <b>sportscotland</b> is permitted at all Levels.				
TRAVEL	Indoor / Outdoor Sport & Physical Activity	For further information please refer to <a href="#">Travel Guidance</a> within this document.				
HOSPITALITY & RETAIL	Clubs & Sports Facilities	Clubhouses and sports facilities which provide catering and bar services, can operate providing they adhere to Scottish Government guidance appropriate to the protection level in which they are operating. Further information is available at <a href="#">Coronavirus (COVID-19): tourism and hospitality sector guidance</a> . Retail units operated by sports facility operators may reopen provided all specific Scottish Government guidance for retailers appropriate to the protection level in which they are operating is in place and adhered to.
